

Web Site Information and Other Important Stuff

❖ **Web Site**

At the present time, you can find the Peotone Blue Demon web site by going to the following URL (Internet Address):

www.peotonebluedemons.com

Stop on by and visit the website. Maps, schedules, program updates, photos, and other goodies will be posted on the site.

❖ **Email Communications and Newsletters**

In order to limit resources spent on generating flyers, newsletters and notices, the Peotone blue Demons STRONGLY encourage you to submit your email address on the Blue Demons site. Your email address IS NOT exposed to the general public by doing so. However, this will enable the Blue Demons to keep you notified of various events and programs throughout the year by simply sending out email reminders and notices. Since the Blue Demons plan to do postal mailings from time to time, it is our desire to spare the costs of materials and staff time related to generating paper handouts. Many of these notices never make it to the intended audience (i.e. the parents!). The Blue demons intend to produce only four Newsletters during the regular season, which will be distributed at the four home games. So if you want to be on top of all the Blue Demons events and notices, then join the email list!!
